

♠♥♦♣ FINDING 7 TRICKS ♠♥♦♣

West passes and your partner opens 1♠. East Passes and this is your hand.

S	South
♠	83
♥	AJ6
♦	Q85
♣	J10864

You only have enough points to respond 1NT. Going to the 2-level to show your clubs requires 10 or more points. To your surprise, this is passed out. You are declaring this 1NT contract.

West leads the ♥10 and you see this dummy.

N	North
♠	J7542
♥	K5
♦	962
♣	AKQ

West leads ♥10

S	South
♠	83
♥	AJ6
♦	Q85
♣	J10864

How can you find 7 tricks?

You think you've been given a gift with the heart lead. By playing the ♥5 from the dummy, you will score the ♥J, no matter who has the ♥Q. That gives you 3 heart tricks and you have the 3 good clubs in the dummy. But that is only 6 tricks. The rest of the tricks must come from your 5-card club suit. But how will you get back to your hand to use them, after you unblock the dummy's clubs?

If you think this problem out ahead of time – before you play a single card, you will understand that you can't afford to take the free heart finesse. You must win the ♥K in the dummy, saving the ♥A in your hand to access those 2 good clubs once you play the dummy's top clubs. That will give you 2 hearts and 5 clubs, allowing you to make your contract.

You can make an overtrick if you finesse the ♥J on your way to your hand. But if the ♥Q is off side, you will forfeit the contract. Remember, the opponents could have taken the first 8 tricks if they had led a spade or a diamond
